ADMIN-SK

MEMORANDUM FOR: [REDACTED] 25X1  
Chief, Administrative Staff/ICS

VIA: [REDACTED] 25X1  
Vice Chairman, COMIREX

FROM: [REDACTED] 25X1  
Executive Officer, COMIREX/OD

SUBJECT: Purchase of Printers for Community Support Center

1. We wish to take the opportunity to purchase two Xerox Model 2700 printers from OIT for [REDACTED] each to meet the needs of COMIREX's Standing Requirements Branch and CAMS Management Branch. These printers will mitigate the print load brought about by the relocation of the Standing Requirements Branch and the Processing Segment personnel in CAMS Management Branch to [REDACTED] 25X1

2. The purchase of this equipment carries two particular benefits:

- o The price for these badly-needed printers is relatively modest. (Model 2700's cost well over \$20,000 each when new.)
- o OIT has agreed to maintain the printers, solving a problem we could have with bringing Xerox maintenance people into [REDACTED] to work on identifiable CIA equipment. 25X1
- o One of the printers will have a switch giving it access to the [REDACTED] Data Bases and users we well as the CAMS Processing Segment data bases. 25X1
- o This will be the only printer at [REDACTED] with access to the [REDACTED] [REDACTED] Computer Center. 25X1
